ASUS desktops – leading in satisfaction with reliability

ASUS computers reflect a tradition of the finest quality, innovation and longevity. Based on the PCWorld USA 2012 reader survey of tech satisfaction, reliability, and service, users ranked ASUS as a leading choice for desktop PCs, citing high satisfaction with their value, connectivity, ease of use and reliability. The survey also found ASUS desktop PCs were one of the most likely to be recommended to others.

Smart Performance

ET1612IUTS All-in-One PC empowers easy multitasking with Intel® Celeron® Processor 847, HD graphics, and support for up to 4GB of DDR3 memory to best handle your workload.

Space-saving 15.6" Screen and Wall Mount Screws

The ET1612 IUTS All-in-One PC's small footprint, 15.6" screen and standard ASUS certified wall-mounting screws make it the ideal fit in any environment.

Matte-finished Touch Screen

The touchscreen enables easy interaction with customers in libraries, banks, and reception areas. The specially-treated matte surface frame and screen are fingerprint-resistant for better visibility.

Rich I/O ports including 2 COM ports, HDMI-out port and VGA-out port

Equipped with 2 COM ports and VGA ports, the ET1612IUTS can easily connect to other commercial devices – from projectors at school to barcode readers and POS systems at retail. The additional COM port supports a wide variety of devices, allowing more flexible usage — ideal for ever-expanding businesses.

HDMI-out Ports for HD Audio/ Video Transmission

With HDMI-out ports and Intel® HD Graphic, ET1612IUTS provides uncompressed digital video and audio quality, enabling the transmission of High-Definition audiovisual contents, allowing you to present your files at the best quality.

2 USB 3.0 Ports - 10 Times Faster than USB 2.0

USB 3.0 transfers data 10X faster than USB 2.0 while maintaining complete backward compatibility. This high-speed transfer rate significantly reduces data transfer times, meaning you spend less time waiting and more focusing on the task on hand.

Low Energy Consumption and Easily Recyclable

With its mercury-free and super-bright 15.6" LED backlit panel, energy-efficient Celeron processor, and a package with 80% recycled material, the ET1612 IUTS uses less energy and can be easily recycled, saving money and reduce ultimate emissions footprint.
